

Space Factor Solution

It's a Laser Fax, a Printer
and a Scanner, all in a single,
compact, stylish system

Don't let its size fool you! With a slim, compact body and stylish design, the UF-4000 may look like just another pretty face, but inside its sleek exterior beats the heart of a true business fax. Small enough to fit on your desk, this powerhouse provides a true practical solution for small businesses and home offices.

When connected, the UF-4000 becomes an easy-to-operate Super G3 Laser Fax, a PC Printer, Image Scanner and a Document Management System — all with solid performance that's both ergonomic and economical.

The Panafax UF-4000 —

The simple solution for your business.
